event. The short period of time within cial report, establishing beyond question, that which the public debt will have been discharged, is a strong evidence of the abundant actively engaged in attempting to influence resources of the country, and of the prudence the elections of the public officers, by means and economy with which the Government has of itemoney; and that, in violation of the ex heretofore been administered. We have wag-ed two wars tince we became a nation, with one of the most powerful king ions in the position of its President, to be employed in world-both of them undertaken in defence sustaining the political power of the of our dearest rights; both successfully pro- A copy of this resolution is contained in the secuted and honourably terminated; & many of those who parttook in the first struggle, as well as the second, will have lived to see the last item of the debt incurred in thes need to be disquised by cautious Janguage, no one can doubt that this mopey was in truth intended cessary but expensive conflicts, faithfully and for electioneering purposes, and the particu honestly discharged-and we shall have the lar uses to which it was proved to have been proud satisfaction of bequeathing to the public servants who follow us in the administration of the Government, the rance blessing of plete, as to the past application of the mo-

they will be still more dominished by the reduced rates of duties which take place on the duced rates of duties which take place on the most important and productive articles. Upon the best estimates that can be made, the receipts of the next year with the aid of the unappropriated amount now in the Treasury, will not be much more than sufficient to meet the expectation of the year and pay the small remained. By a containment of the passible more objectionable, and of the year and pay the small remained of the national debt which yet remains unappropriate than any emergency requires, and even able it retains specie to an almost unpreceded. of the national debt which yet remains unsatisfied, I cannot, therefore, recommend to deated amount in its vaults, it is attempting ties. The rate as now fixed by law on the a tim of the community, while through presses unusual unanimity, and unless it is found to a panic in all. produce more than the necessities of the Goremment call for, there would seem to be no expect that it can force a restoration of the

ready provided for by the existing laws, I sense of our people, the effort to get up a pacongress the importance of abstaining from increased accommodations which the State all appropriations which are not absolutely required for the public interests, and authoriz or the powers clearly delogated to the U. States. We are beginning a new era in our Government. The national debt, which has so long been a burthen on the Treasury, will less alarm, will be met and rebuked as Now then is the proper moment to fix ble principles: an l I cannot too strong y urge the necessity of a rigid economy, and an inflexible determination not to enlarge the inthe Government by unnecessary and profuse within the reach of the Secretary expenditures. If a contrary course should Freasury, had been taken to enable be pursued, it may sappen that the revenue of 1834 will fall short of the demands upon it: and after reducing the tariff in order to lighten the burtions of the people, and providing for a still further reduction to take efficiently for a still further reduction to take efficiently.

The public interest.

The public convenience requires that another building should be erected as soon as practicable; and in providing for it, it will be advisable to enlarge, in some manner that

and he will immediately lay before you his and he will immediately lay before you his reason's for this direction. I contar with him entirely in the view he has taken of the subject by myself, as centrally in the view he has taken of the subject by myself, as the more ample ones presented by the central year of its expenses. It has recently been direction of the same evening, by the Rev. Mr. On the same evening, by the Rev. Mr. Gere, Mr. Epward A. Davis, to Miss Reject and some months before the removal. I Secretary of the Treasury, that the change in

and the hand a well am and the

commissioners of the sinking Fund, it will I arged upon the department the propriety of the deposites which has been ordered, has been ordered, has been deemed to be called for by considerations which the charter will expense incurred for that taking that step. The near approach of the been deemed to be called for by considerations which are not affected by the proceeding on which the charter will expense, as well as the conduct of the Bank, appeared to me ingressed to the call for this measure, now the high considerably the deposites which has been ordered, has calculated to exhibit an amount considerably short of the actual expense incurred for that taking that step. These illusory statements, together the proceeding the proceeding the conduct of the Bank, appeared to me ingression of congress, established. From this view of the state of the finances, and the public engagements yet to be fulfilled, you will percieve that, if Providence permits me to meet you at another session, I shall, have the high gratification of annotancing to you that the national debt is extinguished. I cannot refrain from expressing the pleasures I feel at the near approach of that desirable event. The short period of time within

applied, abundantly show that it was so understood. Not only was the evidence com-

a recome sufficiently abundant—raised with-out injustice or oppression to our citizens— and unincumpered with any burthens but

what they themselves shall think proper to impose upon it.

The floreshing state of the finances ought not however to encourage us to indulge in a converted into a permanent electioneering en not however to encourage us to include in a forested into a perminent electioneering enfectivish expenditure of the public treasure. The receipts of the present year do not fair which the Executive Department of the Gonish the test by which we are to estimate the income of the next. The changes made in the entry of the Bruk charter, no officer between system by the acts of Congress of 1432 and 1833, and more expectably by the terms of the Secretary of the Treasury could be the secretary of the of revenue system by the acts of Congress of 1332 and 1333, and more especially by the factors. Have swelled the receipts of the present year for beyond the amount to be expected in fature years upon the reduced tariff and in the Government in such of daties. The shortened credits of revenue bonds and the cash duties on woollens which were introduced by the act of 1832, and took effect on the 4th of March last, have brought large sums into the Treasury in 1833, which have been payable until 1834, and would not have oeen payable until 1834, and would have of a great corporation are to be secrethive formed a part of the income of that by exerted to influence their judgment and have formed a part of the income of that ly exerted to influence their judgment and These causes would of themselves produce.

These causes would of themselves produce through their decisions. It must now be determined unation of the receipts in the year didness to file lowest, or whether candidates they will be still more diminished by the reduced their produced by the present one and the lowest of political questions shall be discovered by the present one and the lowest of political questions shall be discovered by the present one and the lowest of political questions.

terament can fore, there would seem to be no expect that it can force a restoration of the teason at this time to justify a change.

But while I forcear to recommend any further reduction of the duties, beyond that all I am happy to know that, through the good earnestly and respectfully press upon hic has hitherto failed, and that, through the Binks have been enabled to afford, no public litted system upon principles adapted to the distress has followed the exertions of the new relations in which they will be piaced.— Bank; and it cannot be doubted that the exercise of its power and the expenditure of its made, has so far proved successful. The emoney, as well as its efforts to spread ground-originally are represented to be prosbe finally discharged in the course of the end deserve. In my own sphere of duty, I should sun of year. No more money will afterwards feel myself called on by the facts disclosed to be needed than what may be necessary to order a scire faciar against the Bank, with a report of the commissioners now engaged in meet the ordinary expenses of the Govern- view to put an end to the chartered rights it investigating the condition and prospects of has so palpably violated, were it not that the these Indians, and in devising a plan for their charter itself will expire as soon as a deci-sion would probably be obtained from the trust ample means of information will be in our system of expenditure on firm and dura- charter itself will expire as soon as a decicourt of last resort.

come beyond the real necessities of the Go subject in my last annual message, and in-Freasury, had been taken to enable him to in the annual report from the Navy Depart judge, whether the public deposites in the Bink of the United States were entirely safe; quate to the object, I recommended the subject to Congress, as worthy of their serious bid fair to promote the efficiency of this imfect hereafter, it would be much to be deplor investigation: declaring it as my opinion, that portant branch of the public service. Among ed it, at the end of another year, we should any inquiry into the transactions of that instifued ourselves obliged to retrace our steps and tution, embracing the Branches as well as the Board, the revision of the pay to officers, and and ourselves obliged to retrace our steps and impose additional taxes to meet unnecessary expenditures.

It is my duty on this occasion, to call your actions charges impeacing the retracted of the model. The state of the problem of the principal Bank, was carled for by the credit a change in the period of time, or in the manner of making the annual appropriations, to whic's I beg leave to call your particular attention of the pay to oncers, and a change in the period of time, or in the manner of making the annual appropriations to whic's I beg leave to call your particular attention of the Appellant, and Gill for the Appellant, and Gill attention to the destruction of the public which, if true, might justly excite the apprehen-building, occupied by the Treasury depart-ment, which happened since the last adjourn-for the public money. The extent to which the ment, which happened since the last adjournment of Congress. A thorough inquiry into
the causes of this loss was directed and made
at the time, the result of which will be duly
known to require to be stated. Such as was lice appropriate in the cause of the causes of the cause known to require to be stated. Such as was licy appropriate in the present state of our made, resulted in a report from a majority of country, for securing the great and useful purat the time, the result of which will be duly known to require to be stated. Such as was communicated to you. I take pleasure, however, in stating here, that by the laudable exertions of the officers of the department, and certain specified points only, concluding with many of the citizens of the District, but few a resolution that the Government deposites

Atthough a may not always be able to congivisable to enlarge, in some manner, the acenrimedations for the public officers of the
several departments, and to authorise the
erection of authorise depositories, for the safe erection of suitable depositories, for the safe either of its uranches, fam, notwithstanding, continued upon the strength of its own receiving of the public documents and records, wholly incapable of receiving otherwise than sources, to facilitate the means of communities of the last adjournment of Congress, with the most sincere respect, all opinions or action between the various portions of the Union with increased activity. The method, and in respect to none am P more inclined to nonever, in which the accounts of the transport of the mail has always been kept, in tertain State Banks, designated by him, do so, than to the House of Representatives.

But it will be seen from the brief views at lappears to have presented an imperfect view.

stituents in regard to this institution. It will be for those in whose behalf we all act, to decide whether the Executive Decade at investigation to be made of its be for those in whose behalf we all act, to investigation to be made of its results, and decide whether the Executive Department of applied the proper remedy to correct the evil. the Government, in the steps which It has takof its duty.

The accompanying report of the Secretary of War, with the documents annexed to it exhibit the operations of the War Department for the past year, and the condition of the various subjects entrusted to its adminis-

to require its services beyond the ordinary utility of this Department. The details are routine of duties, which upon the seaboard and exhibited in the accompanying report from the be inland frontier devolve aponait in a time of peace. The system, so wisely adopted and so long pursued, of constructing fortificaand so long pursued, of constructing fortifica-tions at exposed points, and of preparing and gation carried on by the use of steam power, collecting the supplies necessary for the military defence of the country, and thus tron of the constituted authorities of the coun defence in war, his been continued with the disasters is constantly increasing, notwith-usual results. I recommend to your consid-standing the great improvements which are eration the various subjects suggested in the every where made in the machinery employed, report of the Secretary of War. Their adoption would promote the paolic service and made in that branch of science, show very meliorate the condition of the Army.

aggressions of the Sacs and Fox Indians .-Several treaties have been formed for the re linquishment of territory to the United States, and for the migration of the occupants to the region assigned for their residence, west of Mississippi tified by the Senate, provision will have been nade for the removal of almost all the tribes now remaining east of that river, and for the termination of many difficult and embarrassing questions arising out of their anomalous political condition. It is to be hoped that those portions of two of the southern tribes maining difficulties, will realize the necessity of emigration, and will speedily resort My original convictions upon this subject have been confirmed by the course of events for several years, and experience is every day adding to their strength. That those tribes cannot exist, surrounded by our settlements and in continual contact with our citizens, is certain. They have neither the intelligence, the industry, the moral habits, nor the desire of improvement, which are es sential to any favourable change in their condition. Established in the midst of another and a superior race, and without appreciating the causes of their interiority, or seeking t controll them, they must necessarily yield to the force of circumstances, and ere long dis

Such has been their fate heretofore, and if done by a general removal beyond our boun dary, and by the re-organization of their po perous and contented, the country suitable to their wants and habits, and the essential arti cles of subsistence easily procured. When the restigating the condition and prospects of possession of the Government for adjusting I called the attention of Congress to this all the unsettled questions connected with this

interesting subject.

The operations of the Navy during the year and its present condition, are fully exhibited ment.

Suggestions are made by the Secretary, of various improvements, which deserve careful consideration, and most of which, if adopted,

The views which are presented on almost country, for securing the great and useful pur-poses of naval protection, in peace, and due preparation for the contingencies of war, meet with my entire approbation.

It will be perceived from the report refer-red to, that the fiscal concerns of the establishment are in an excellent condition; and it is hoped that Congress may feel disposed to make promptly every suitable provision de-sired either for preserving or improving the

system The General Post Office Department has continued upon the strength of its own re-sources, to facilitate the means of communi-

ing new mail routes, and a disposition on the part of the Head of the Department to gratify the wishes of the public in the extension of the mail facilities, have induced him to incur responsibilities for their improvement, beyond It became necessary for him to withdraw some en on this subject, has been found in the line of the improvements which he had made, to bring the expenses of the Department within its own resources. curred for the public good, and the public have enjoyed their benefit. They are now but partially suspended, and that, where they may be discontinued with the least inconvenience to the country.

maintains the character it has heretofore acquired for cffi lency and military knowledge. Nothing has occurred since your last a ssion to require its services, nevent the The progressive increase in the income Postmaster General.

The many distressing accidents which have deserve the immediate and unremitting atten Our relations with the various Indian tribes suits of criminal regligence on the part of have been undisturbed since the termination those by whom the vessels are navigated, and of the difficulties growing out of the hostile to whose care and attention the lives and property of our citizens are so extensively entrusted.

That these evils may be greatly le-sened if not substantially removed, by means of preclutionary and penal legislation, seems to be highly probable; so far therefore as the subject can be regarded as within the constiutional purview of Congress, I earnesting recommend it to your prompt and seriou consideration.

I would also call your attention to the

views I have heretofore expressed of the ropriety of amending the Constitution in relation to the made of electing the President and the Vice President of the United States. Regarding it as all important to the future quiet and harmony of the people that every intermediate agency in the election of That these officers should be removed, and that their eligibility should be limited to one term of either four or six years. I cannot too earnestly invite your consideration of the subject

Trusting that your demberations on all the opics of general interes to whic. I have adverted, and such others as your more es tensive knowledge of the wants of our beloved country may suggest, may be crown ed with success, I tender you in conclusion. the co-operation which it may be in my pow er to afford them.

ANDREW JACKSON. WASHINGTON, 3d December, 1833.

COURT OF APPEALS. December Term, 1833.

Monday, December 2d. This being the day fixed by law, for the meeting of the Court of Appeals for the western shore of Maryland, the following Judges

attended,Hon, John Buchanan, Chief Judge. Hon Richard Tilghman Barle. Hon. Wil-ham Bond Martin, Hon. John Stephen, Hon. Thos. Beale Dorsey, Judges.
